

开创眼界及多元化的领导者

凭借融合于多元化团队中的120多名具资质专业人士，AJ+C正不断突破建筑界新疆界。我们卓越的业绩经验涵盖所有建筑类型与规模，从注重精致细节的5星级酒店，到中国北部环保型城市的总体规划。

标志性项目包括：

城市总体规划

城镇及商业中心

住宅区开发

酒店

酿酒厂

医疗保健设施

学校及大学

图书馆

教堂

影院

艺廊

停车场

水疗设施

澳洲及国际体育场馆

我们每一项目的流程及价值观

由于有着严格的设计与服务流程，AJ+C屡获殊荣的设计不断超越期望，为客户增值。

每个项目的设计都从我们认为体现项目独特性的“项目环境”入手，这包括但并不局限于客户的简要介绍、场地本身情况、终端用户的要求、社会因素、政府条例以及更广义的环境。

我们如何解决这些问题？AJ+C向每个项目派出由设计师组成的多元化团队。凭借只有大公司才能提供的技术广度与深度，由各类专业人才组成的团队使复杂问题迎刃而解。

我们的解决方案还通过采用环保永续发展（ESD）理念，将长期可持续发展与商业盈利完美结合。

Leaders in scope and diversity

With over 120 qualified practitioners strategically organised in multi-disciplined teams, AJ+C is consistently breaking new ground in architecture. Our high-profile record encompasses all classes and scale of built form, from the exquisite detail of five-star hotels, to masterplanning ecologically-driven cities in Northern China.

Landmark projects include:

City masterplanning

Town and commercial centres

Residential developments

Hotels

Wineries

Health care facilities

Schools and universities

Libraries

Churches

Cinemas

Art galleries

Carparks

Spas

Sporting venues in Australia and internationally

Our process - and the value of every project

AJ+C's award-winning design consistently adds value - above and beyond - client expectations, thanks to a rigorous process of design and service.

Every project is approached through 'context' - what we perceive as the unique set of considerations framing the project. Context includes, but isn't restricted to, the client's brief, the site itself, requirements of the end-user, social factors, government regulations, and the broader environment.

How do we resolve all these issues? AJ+C assigns a multi-disciplinary team of designers to every project - a diverse group of people who solve complex problems with the range and depth of skills that only a large practice can deliver.

Our solutions also harness ecological sustainable development (ESD) in ways that integrate long-term sustainability with real profit.
