ELYSIA HEALTH RETREAT

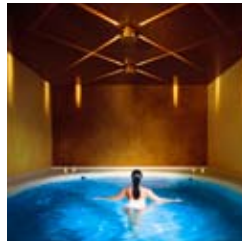

Hunter Valley NSW
Australia

AJ+C

Elysia是澳大利亚首例世界一流康乐中心。项目位于悉尼西北方向的猎人谷，面对着葡萄庄园的美景。

Elysia建于一个自然形成的山顶，由72栋两房或三房别墅组成，另外还包括运动，休闲和水疗等设施。所有的配套设施如体育室和游泳池都充分利用了宽阔的自然景观。按摩和治疗中心则设立在内庭院，并以独立式房间服务，给予隐蔽的私人空间。

该项目已被誉为“冥想山”，山的中间和下层都被休闲设施环绕。住客可随着小径慢慢行走至山顶，随后静听美妙的流水声。AJ+C再次以人性化的建筑拾回了乡镇生活的气息。

Elysia is the first world-class health retreat in Australia. Inspired by views across vineyards, the site is located in the Hunter Valley, several hours north-west of Sydney.

Elysia's 72 villas and two three-bedroom lodges, together with its sport, social and spa facilities, are built around a natural hilltop. The communal facilities, sporting studios and swimming pool take advantage of the expansive views over the landscape. In contrast, the centre for massage and therapeutic treatments is a building of individual rooms and courtyards that offer intimate and private spaces.

Dubbed 'meditation hill', the villas and health and relaxation facilities encircle its middle and lower levels. Guests may follow paths curving slowly to the summit of the knoll, where they hear the soothing sound of running water. Once again, AJ+C has aspired to the humanity in architecture, recreating a sense of community reminiscent of village life.
